

KATARIYA INFRA  
PROJECT PVT. LTD.

**ONE** TEAM  
DIRECTION  
GOAL

# About Us

---

**KATARIYA INFRA PROJECT PVT. LTD. (KIPPL)** is a rapidly growing Infrastructure and Civil Engineering company floated in the year 2019 having Registered Office and Headquarter at Vadodara, Gujarat, India. With expertise in providing turnkey EPC solutions and in execution of large-scale construction projects, KIPPL operates across naïve and diverse sectors comprising of Oil & Gas, Ports, Bridges, Airports, Water Systems, Pipelines, Roads and Buildings, but not limited to only these infrastructures. The company is known for its excellence in execution of various such Infrastructure and Civil construction Projects with innovative approach and unwavering commitment to quality, safety, and sustainability. Backed by a skilled workforce, modern technology and strong project management, KIPPL continues to deliver high-impact performance in the Infrastructure and Civil Engineering sector that drives its growth and development across India and beyond.

# Director information

---

**Mr. Chintan K. Katariya**, aged 42 years, is the driving force behind Katariya Infra Project Pvt. Ltd (KIPPL). With extensive knowledge and hands-on experience in quarry operations and construction work, he has played a pivotal role in the company's rapid growth and success. Known for his dedication, strategic vision, and hard work, he has been instrumental in the successful execution of key infrastructure projects and government tenders awarded to the company. Under his leadership, KIPPL continues to scale new milestones and strengthen its position in the infrastructure sector.

## VISION

**Our vision** is to emerge as a global leader in the Infrastructure and Civil Engineering Industry backed by consistent performance and operational excellence with timely completion of projects that are not only technically sound, innovatively superior but also socially and environmentally transformative. We aim to build our position among the most desired infrastructure company in India by creating infrastructure that empowers communities at large and fuels long-term industrial growth at National and International level.

## MISSION

**Our mission** is rooted in a total commitment towards achieving excellence in execution of infrastructure project & preservation of nature to engineering excellence. Through continuous innovation, ethical practices, and seamless execution, we strive to deliver sustainable infrastructure solutions. We believe in maintaining high standards of precision, quality and punctuality, in fostering mutual growth, in empowering our team, in setting new benchmarks of resource utilization and efficiency, preserving nature and enriching life of public at large with focus on being a socially responsible organization.

# Our Values

---

**At Katariya Infra Project Pvt. Ltd.**, our core values guide every action, decision, and relationship. They form the foundation of our culture and reflect our commitment to delivering excellence in all that we do.

## Professionalism

Professionalism defines our commitment to excellence, respect, and accountability. We consistently deliver high-quality results, meet deadlines, and communicate effectively with all stakeholders. By upholding ethical standards and fostering collaboration, we build trust and set benchmarks in the industry.

## Innovation

Innovation is the driving force behind our progress. We embrace creativity, emerging technologies, and forward-thinking solutions to address complex challenges. By nurturing a culture of curiosity and continuous improvement, we deliver exceptional value and contribute to industry transformation as a whole.

## Integrity

Integrity is the foundation of our identity. We conduct all business with honesty, transparency, and strong moral principles. By remaining true to our values, we build long-term relationships based on trust, reliability, and ethical responsibility.

## Transparency

Transparency fosters open dialogue and collaboration. We are committed to clear communication, accountability, and openness in all interactions. This approach strengthens internal alignment and builds stronger connections with our clients, partners, and communities.

# Our Strength

---

At Katariya Infra Project Pvt. Ltd. (KIPPL), our strength lies in the power of unity, expertise, and relentless commitment to excellence. Driven by the motto “One Direction, One Team, One Voice,” we operate as a cohesive force, where every member—from visionary leaders to skilled engineers—works with a shared purpose.

Our success is built on a dedicated workforce that blends the wisdom of experienced professionals with the energy of young talent. Together, they bring innovation, precision, and agility to every project, allowing us to overcome challenges and deliver high-quality results.

A key pillar of our strength is our in-house Design & Implementation Unit, staffed by highly qualified engineers and multi-skilled personnel. This team ensures the timely execution and successful delivery of complex infrastructure projects, even under stringent timelines.

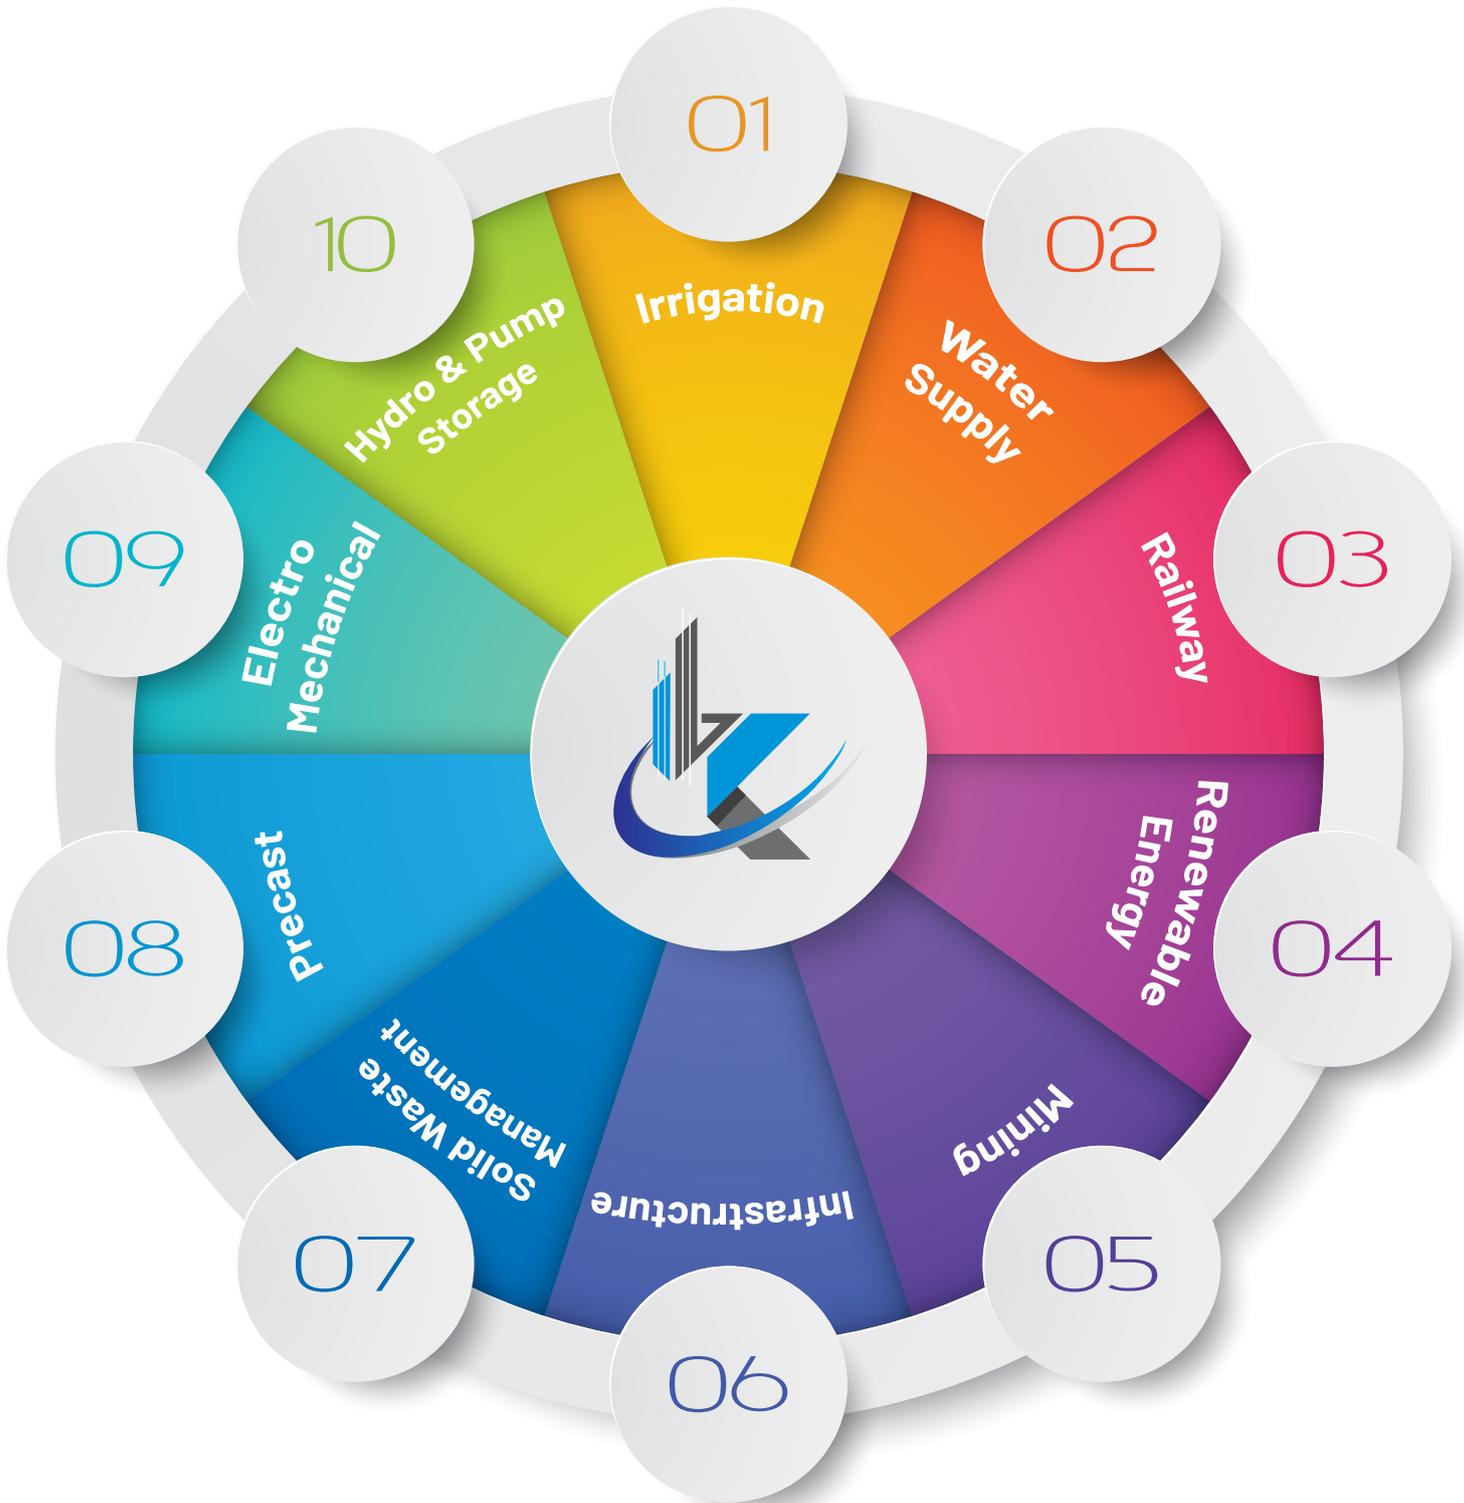

Our ability to diversify, adapt, and take on technically demanding projects across multiple sectors—while maintaining the highest standards of integrity, transparency, and accountability—sets us apart in the industry.

With a collaborative culture, advanced capabilities, and an unwavering commitment to quality, KIPPL stands as a trusted partner in building transformative infrastructure for a better tomorrow.

# Our Sectors

---

# Our Sectors

---

- **Irrigation**

Dam, Canal Network, LI Scheme, Micro Lift Irrigation Projects, Pip Distribution Networks

- **Water Supply**

Intake Well, WTP, Storage Sump, Overhead Tank, Pipe Distribution Network, House Service Connection

- **Railway**

Development of Station Building, Rail Work, Rail Over Bridges, etc.

- **Renewable Energy**

Solar Power Projects, Wind Energy Foundations, Hybrid Energy Systems, Transmission & Grid Integration, Battery Energy Storage Systems (BESS)

- **Mining**

Excavation and extraction of coal and minerals, rock breaking and crushing, screening and stacking, overburden removal, loading and blasting, transportation, mine development and infrastructure, haul road construction and maintenance, surface mining and allied activities.

- **Infrastructure**

Industrial, Road, Tunnel, Bridge, and many more

- **Hydro & Pump Storage**

Dam, Head Race Tunnel, Head Race Pipe, Power House, Surge Shaft, Valve House, and many more

- **Electro-Mechanical: & Pump Storage**

Electrical & Mechanical Work for Water Supply, Irrigation, Solar, Hydro, and all types of Infrastructure Projects

- **Precast**

Precast Components like Column, Beam, Wall, Slab, Stairs, Utility Drain, RCC Box, etc.

- **Solid Waste Management**

Scientific Processing and Disposal of Legacy Waste through Biomining & Bioremediation, RDF/Compost/Inert Handling, and Landfill Site Development as per MSW Rules

# List Of Completed Work

SR NO.	NAME OF CLIENT	AMOUNT	NAME OF WORK
1	M/S HARIWALLABH INTERNATIONAL PVT LTD	9,97,33,600.00	Work Order for Pile MS Liner Making at NCC Limited (Formerly Nagarjuna Construction Company Limited) 454 MLD Malad WwTF, Mumbai Project.
2	M/S POWERSURE TECHNOLOGIES	1,41,60,000.00	Work Order for contract for Installing valves and flow meters
3	M/S MARKOLINES PAVEMENT TECHNOLOGIES LTD	13,78,69,012.28	Work order for Earth Filling works at our 454 MLD Malad Wwtf Project.
4	M/S APPOLO GREEN ENERGY LIMITED	13,88,06,807.25	Work Order for Complete Installation of OPGW Cable Erection and Testing of Support for Over Lines of IS Standard and Earthwork including excavation ,loading, Transportation unloading etc.
5	M/S AARADHYAA &CO	6,49,00,000.00	Project Management Consultancy services for Construction.
6	WELSPUN WORLD	39,50,69,107.04	Executed Civil, Structural & Infrastructure Development Works across multiple project locations for Welspun Group, including foundation, RCC, road, drainage, and industrial support facilities in operational plant environments.
7	AARADHYAA & CO.	8,03,88,975.00	Name of the Work:-Execution of the Design and Build of the cofferdam at Vehar lake
8	DMR HYDRO ENGINEERING AND INFRASTRUCTURE LTD	1,03,84,000.00	Project Management Consultancy services for Construction.
9	RKC INFRABUILT PVT LTD - GUJARAT	12,99,64,857.80	Construction of high-strength concrete roads including subgrade preparation, DLC, PQC laying with dowel & tie bars, joint cutting & sealing, surface texturing, and proper curing as per IRC standards.
10	RKC INFRABUILT PVT LTD - MAHARASTRA	16,93,24,435.63	The scope of work includes comprehensive operations such as drilling, controlled blasting, rock excavation, crushing, screening, and material handling. It also covers loading, transportation, and operation & maintenance of the crusher plant and associated machinery. The objective is to ensure timely production of finished metal products with high-quality standards and smooth logistics for dispatch

# List Of Completed Work

SR NO.	NAME OF CLIENT	AMOUNT	NAME OF WORK
11	JOYVILLE SHAPOORJI HOUSING PRIVATE LTD	1,19,03,294.25	Temporary Construction Road Joyville Manjri Plot li Pune Joyville Shapoorji Housing Private Limited
12	EAGLE INFRA INDIA LTD. MUMBAI	41,95,61,932.91	Proposed Construction of Hospital Building at Sr. No. 9, Prabhag No. 49, Bapujibuva Nagar, Theergaon, for Pimpri Chinchwad Municipal Corporation, Pimpri
13	INDRADEEP CONSTRUCTION CO. MUMBAI	44,14,23,405.19	Construction of Various types of Building (Main School Building, Girl's and Boy's Hostel, Principal, Teacher and Servant Quarters), Compound Wall and Internal Road for Ashram School at Shenva ,Aghai in Taluka Shahapur, District-Thane. & Construction of Government Ashram School Complex at Maal, in Taluka Murbad, District Thane.
